Dear Dr. Bodrunov,

Warm greeting from Chongyang Institute for Financial Studies, Renmin University of China (RDCY).

I'm writing this letter to extend my sincere gratitude for your great organization and valuable contribution in the international symposium on "Russian-Chinese Relations in the Context of Current Challenges of Socio-Economic Development" held on Oct. 26 in Moscow. This symposium has received wide attention and positive response in China. **At least more than 200,000 scholars and experts have received relevant information, which has greatly enhanced the influence of VEO in China.**

And I also take this opportunity to thank Dr. Sergey Glazyev personally, for his kindly introduction of you and VEO to me, which was a great honor for myself and also our institute to have more opportunities to cooperate with Russian institutions. At the same time, please kindly forward our sincere appreciation to VEO Vice President Ms. Margarita Ratnikova, as well as Mr. Aleksandr Zolotarev and Dr. Arkhipova Violetta, for their efficient coordination on this event and planned projects. Thanks to all of you for your precious time and efforts made during my trip in Russia.

My two months stay in Russia, especially the bilateral cooperation agreement signed between us, has been strongly valued by our university leaders and Chinese policy makers, and we look forward to implementing the cooperative ideas mentioned in the signed agreement, to enhance the people-to-people exchanges between our two countries. We also expect expanding our strategic cooperation in the coming months to encourage academical connection, joint research, and scholar communication. **We truly hope to co-organize another conference in 2023, and if the situation allows, we are very looking forward to inviting you to China!**

Thank you again and look forward for further development of fruitful cooperation !

With kind regards,
